HELD ON SUNDAY THE 20 H FEBRUARY 1944

UNDER TH D ST NGU HED PRE DENTSH OF

SREEMAN H B GUNDAPPA GOWDA B B L
(M N ST R FOR OC L S LF GOV NM NT)

MR PRESIDENT LADIES AND GENTLEMEN

ON BEHALF OF THE RATE PAYERS ASSOCIATION we beg to place before you a brief Report of the activities of the Association during the past three years of its existence The extension called Gandhi Nagar was formed over ten years ago principally out of an area of land which formerly constituted the Central Jail compound Although this extension took its birth in such unwelcome surroundings it has since grown up into a beautiful popular and attractive extension We venture to claim that this is the best extension in Bangalore at present

This claim is not made by us because we are residents of the locality Gandhi Nagar is situated in the heart of the City It is closest to business centres and in addition it has all the charm of an

extension Its houses are of up to date designs they are very well ventilated and the entire extension is beautifully laid out Thanks to the personal interest that was taken by Sir Mirza M Ismail the distinguished Dewan of the time this extension secured very early the advantages of underground drainage and the formation of wide and well planned roads At the time the extension was formed people in the City were rather slow in acquiring sites here and in putting up buildings Somehow the association of the Central Jail with it was keeping them back For a good many years it was generally known as the Jail Extension

As the extension grew up the Central Jail receded to the back ground and made room for the association with this Extension of the name of revered Mahatma Gandhi who sanctified Jails and made them places of pilgrimage Now we proudly call this area GANDHI NAGAR This in brief is the history of Gandhi Nagar

For some years after this extension was formed social life was at a low ebb the principle reason being that men of different professions assembled here and they were slow to come into contact with each other But with time came cordiality and friendship and with that came also the desire for concerted action in the cause of public welfare It is this feeling of fellow ship that gave birth to this Association three years ago the object of the Association being to promote the civic social moral and cultural welfare of the residents of the locality and to make use of this Association as the mouthpiece for ventilating their grievances and

difficulties We hope that you will permit us to claim that this Association has till now genuinely struggled for promoting the welfare of this locality

Provision Stores

There was considerable difficulty in getting pro visions and articles of food And so we moved the Directors of the Bangalore City Co operative Society Ltd Chamarajapet to open a Provisions Depot here They very kindly responded to our request We take this opportunity of publicly acknowledging our in debtedness to this Society This Society has risen to the occasion and has now willingly shouldered the additional responsibility of catering to the needs of even such members of our Association who are not members of the Society itself

Association Premises

The Society would not have been able to open a branch here if we had failed to provide them with suitable building accommodation In this connection our heartfelt gratitude is due to the President and members of the Discharged Prisoners Aid Society for having kindly leased to us their Society premises in which are now located the City Co operative Society Depot the Free Reading Room the Hindi Prachara Sangha the Vegetable Stores the Association Office the Youth Club and the popular gymnasium None of these activities would have been possible but for the warm hearted co operation of the Officers of the Discharged Prisoners Aid Society and also of the Superintendent of the Central Jail and the members of his staff We are beholden to all these gentlemen

Children s School

Our attention was next turned toward
children s welfare Our children had no
closely Thanks to the Education Departme
in particular to our worthy and beloved
Dr K N Kini who struggled very hard indeed,
the necessary funds for starting the Primary Bo
Girls School in this locality in spite of an inf
budget which had ear marked funds for othe
poses This speaks eloquently of the place th
Government have in their hearts for Chil
education To day there are nearly 175 ch
attending our schools here

Girls Middle School

Education particularly of girls has always cl
sympathetic attention at the hands of Governm
the City Municipality and public spirited men
have a singular instance of achievement in this dire
of which we are very proud The City Municip
has given a site free of cost Thanks to you Sir,
kindly approving the grant The Government
agreed to take up the task of running the school
for arranging the construction of the school build
Thanks to you Sir and the other members of
Government for this generous help Last but by
means the least is the help so generously given in
behalf by Dr Patel and his brothers They have g
a donation of a munificent sum of twenty five thous
rupees Dr Patel and Brothers are prominent reside
of this locality and they deserve our warmest gratitu
Before long Sir we hope that this school will st

working in its own building It is our hope that in the years to come this Middle School will grow into a High School and cater to all the girl students of this part of the City

Play Grounds

Our children had no play ground The Municipality converted the Park into the children s play ground This was an extremely wise move on their part and we are very grateful to them You will see hundreds of children playing there all through the day No doubt it requires improvement With your help Sir, we know our children will have a better equipped play ground in the near future

Temple

In order to form a centre for our cultural activities we collected some funds and applied to the Municipality for the grant of a suitable site free of cost to us We are glad to announce that the Municipality have kindly complied with our request and resolved upon giving us a site (Site No 56) for this purpose We have plenty of money necessary for constructing suitable buildings on this site Gandhi Nagar is rich with philanthrophists and we will not be wanting funds for such a venture We propose to build on this site a small temple dedicated to SRI RAMA a big hall suitable for social and cultural activities and we aspire to develop out of this institution a centre of spiritual welfare in course of time In this connection Sir we look to you for your generous assistance We know you are a devout and pious Hindu imbued with love of God and a spirit of service you are broad minded and cosmopolitan in your outlook and farsighted in vision

You are one of the foremost of public workers who has dedicated himself to a life of service at once unostentatious and far reaching in effect Yours is the proud record of having resuscitated the Ayurvedic and Unani systems of medicine and raised them to their ancient stage of glory Yours Sir is again the unique record of having espoused the cause of the poor man—the ryot—who is dumb and helpless Your Village Improvement Scheme has caught the fire of the country's imagination and with years to come we are confident that your efforts will bear a rich harvest of contented and prosperous Village polity

Mahila Samaj

We have now to tell you about the ladies section A Mahila Samaj has been formed and is actively working Classes in Hindi Music handicrafts such as knitting embroidery and tailoring are being conducted and arrangements for indoor and outdoor games have been made Their work is growing from day to day They are planning to start a Sishu Vihar which also is of immediate necessity They require a suitable building and sufficient open space for their activities We have been agitating for the grant of a site free of cost to the Samaj We request you Sir to help in this direction

Before closing we wish to place before you a few of our major wants and we appeal to you Sir and to the public in general to help to the extent they can in making the life of Gandhi Nagar more happy more useful more comfortable and more secure

(a) Our foot paths are bad They require con stant and careful attention

(b) Our roads are not good At least the main roads require to be tarred

(c) Our children s play ground (originally the park) has to be improved

(d) The drainage is un atisfactory The storm water finds its own level and stagnates

(e) The Reading Room grant made by the Municipality is insufficient Our Reading Room is very popular and a good number of people are not able to get at papers The grant has to be raised from Rs 10 0 0 to Rs 20 a month at least

(f) The big drain running in front of our Association premises is in an extremely dirty condition It is an open drain It carries the sewage of the Central Jail which makes it most unhealthy It is the breeding centre of all disease in the locality The Central Jail Authorities ought to divert their sewage water into the under ground pipe lines and the big drain has to be covered This is of urgent necessity

(g) Although the health of Gandhi Nagar is fairly good a Hospital is very necessary There is none close by In particular women and children are being put to considerable inconvenience

(h) There is no Police Station close by A few friends are very attentive systematically in this area Petty thefts are of daily occurrence Either a full fledged Police Station or at least a Police out post will certainly undermine effectively the morale of our night friends

In conclusion we beg to thank you Sir and thank you all ladies and gentlemen for your kindly interest in our activities The outgoing committee is looking forward to the pleasure of handing to the new committee a good plan of work and a sound balance sheet

SIR

With reference to your letter No L 7867/141 88-43-61 dated 31-1-1944, regarding the grant of a site in Gandhi Nagar to the Rate Payers' Association for the construction of a temple and - calling for certain particulars in the matter, I have the honour to state as follows -

1 The application of the Association dated 27-7-1943 addressed to the President is enclosed herewith

2 The dimensions of site No 56 is reported by the Municipal Engineer to be $\frac{50' \times 96 + 93'}{2}$ or 525 Square yards

3 The present market value in the area ranges from Rs 15/- to R 20/- per square yard

4 It is ascertained that the Association has kept Rs 1,700/- in the Bank of Mysore earmarked for the construction of the temple, that they have definite undertakings from the residents of the locality to the extent of Rs 10,000/- payable immediately on starting the work, that they could easily raise any additional money if required, and that they are in a position to invest the necessary money on the construction of the temple

5 It is further learnt from the Association that it has been registered and that it is capable of holding property

A copy of the letter received from the Honorary Secretary of the Association in this behalf is also enclosed herewith
